“Education is the movement from darkness to light.”

Dear Parents ,

Greetings!

The January month was full of cheerfulness, merriment and high spirits. Students of Grade I were excited to learn a lot of new things after their long winter break. With their dynamic participation, students of Grade I proved to be stars in their class activities. To learn more about compassion and to follow it practically, they made a bookmark for their friends. This was followed with a maths activity based on the concept of 'money'. In this, our young helpers learnt more about the concept of money and how to use it in real life. Also, a J.A.M (Just A Minute) activity was organised to enhance creativity and presence of mind of students. Students of Grade I displayed their oratory skills and spoke empathetically about their favourite things. This not only enhanced their creativity and imagination but also gave them a platform to display talent and impromptu skills. We look forward to the same enthusiasm and excitement in the coming month.

Dear Parents,

The month of January ushered in the biting cold and the children enjoyed the extended vacations; but they were equally happy to be back at school. The corridors resounded with the voices and the air warmed up with their presence. The New Year is a time for reflection and promises and the children wrote out their resolutions and shared them with the others. In the English class, the concept of Articles and Determiners was introduced through a Picture Reading Activity where the children described the pictures using the given determiners. They, then, read out the sentences and indulged in self and peer correction. Along with academics, the children participated in a healthy competition- both in spirit and theme- Inter Class Salad Making Competition. The activity showcased their creativity and brought forward a riot of colours and taste. The children also participated in a Colouring Competition organized by Toyota Motors as part of their National Road Safety Week where they displayed their creativity through interesting drawings depicting safety on the roads. Tivon Kataria secured the Second position and Somraj Ghosh secured the First position.

A sheep making activity was organized where children pasted cotton on a picture of sheep. To further their knowledge on colours, the children did a vegetable printing activity using lady finger, fabric printing using different fabrics like cotton, thread and sponge to convert a sheet of paper into a majestic harmony of colours.
