**Monthly Planner For August**

**“THE ROOTS OF EDUCATION IS BITTER BUT THE FRUIT IS SWEET”**

Dear Parents,

Greetings !

Grade I students were completely enthusiastic throughout the month of July which was evident from the various activities performed by them. The welcome activity which involved making of the bag tag brought big smiles on their faces. This was followed by the Science Week, wherein they performed six different experiments to learn amazing scientific facts. The students put up an enthralling performance when they conducted a special assembly during the Science Week. We hope the students keep up the same high spirit for the coming month as well.

**Today is the day to learn something new**

Dear Parents,

Greetings and good wishes!

We are extremely excited to welcome a new and fresh month of August. In the month of July, we welcomed students with a mask making activity. They had fun while making masks for themselves. The month was full of inventions and innovations as the students participated in science week. Our young minds were rejuvenated with hands on experiments which also helped them develop a scientific approach to real life situations. They brought out their creative side by conducting a special assembly during the science week.

Dear Parents,

Greetings and good wishes!

After the long and refreshing summer break children were welcomed with enthusiasm and fervor. The month was full of exciting and creative activities like mask making where the children showed their artistic skills and rakhi making, where they displayed their love and affection for their siblings by making beautiful Rakhis. It was great to see the innocent souls appreciating each other's work. The students put up a wonderful assembly for the English Day which was appreciated by all.

**Develop a passion for learning. If you do, you will never regret.**

Dear Parents ,

Greetings!

We look forward to a new and fresh month of August. The students were as excited to join school after the extended summer break as we were to have them back. In the month of July, students of Grade VI got an opportunity to participate in an Inter-Class Solo Song Competition, they sang melodious songs. Students learnt about prime numbers in their math class and recapitulated the same through an activity on prime numbers. They did various activities during English Day celebrations.

**CLASS VII: 2019- 20**  
**Monthly Planner for August**

“When we share, we open doors to a new beginning.”

— Paul Bradley Smith

Dear Parents,

After a refreshing summer break, the children got back to school, brimming with renewed excitement. To continue with their high spirits, an Inter Class Solo Song Competition was conducted for students of Grades VI and VII. The children were highly enthused to participate in the competition and sang melodious songs for the judges and audience. It is rightly said that if one is involved, then one learns better. Students had learned the concept of Transitive and Intransitive Verbs and they recapitulated the same through a team activity. They had to read the sentences and sort them according to the type of verb. This activity not only helped them with the grammar concept, but also made them aware of team effort and time management. IHS believes in the holistic development of children and building a strong value system as an integral part of the curriculum. Students participated in a group discussion about how they could show respect to the community and the environment. They also discussed and wrote how they would like others to show respect to them.

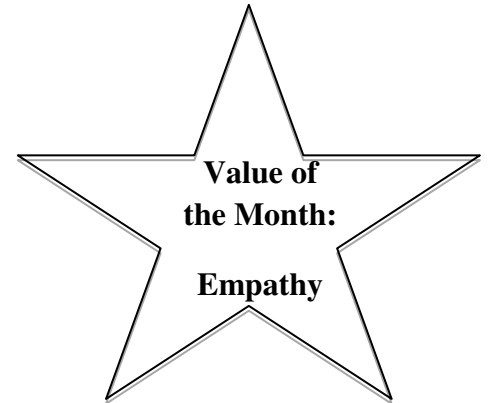

## 1. Syllabus for the month of August:
