Dear Parents ,

Greetings!

The month of February started with a Carnival and was filled with great learning experiences. An array of activities were organised for the students. A Story Telling Competition was organised where our young vibrant storytellers came forth with wonderful tales. While some stories provided food for thought, some reinforced moral values and some were humorous. The students performed spectacularly narrating their favourite stories using creative props, voice modulation and impressive expressions. This was followed by an English Spell Bee competition which aimed at enhancing the vocabulary and helped students to improve their spellings, learning concepts and pronunciation. Another activity based on the concept of ‘patterns’ was organized which helped the students to learn the logic behind making patterns. On the academic front, the students enjoyed the lessons 'The Magic Pot' and 'The Dream Fairy' in English. The topic of 'Patterns' kept the students intrigued with numbers. Lesson 'Up in the sky' was taken up in EVS and Lessons 9 and 10 were taught in Hindi during the month of February. We look forward to the same enthusiasm and excitement in the coming session.

Dear Parents,

Greetings!

The Month of February started with a Carnival and proved to be a month filled with excitement and new challenges. The month started with the children performing and competing with their peers for the English Story Telling Competition. They mesmerized everyone with their wonderful performance using beautiful props and appropriate voice modulation. Spell Bee Competition helped children improve their spelling, increase their vocabulary, and develop correct usage of English. They also help build children's self- confidence and more importantly, they are a lot of fun! Engaging children in mathematical activities encourages them to explore combinations and patterns in an interesting and fun filled way. Considering the importance of such activities children were taught the concept of ‘Patterns’ using various shapes, blocks etc. in Mathematics lab. To sensitize the students about national symbols of India, an activity was organized where students drew national symbols and then they made a collage of National Symbols. Students enjoyed the activity which also enhanced their general knowledge.

With your support and coordination we had a wonderful year. Hope it will continue in the next session as well.

Dear Parents,

Greetings!

As they say ‘ In Febraury there is everything to hope for and nothing to regret’. The month of Febraury not only ushered spring but it also brought a lot of excitement as our children explored different ideas and did many hands-on acitivites. The month began with a Carnival, the students learnt new concepts and simultaneously revised previously taught topics. In English, they leart different types of Adverbs and did an activity where they sorted adverbs on the basis of manner, time and frequency. They were also taught Onomateopia sounds and did a reinforcemnt activity where they made their own Onomateopia sounds using different objects which they had brought from home. Keeping in mind the importance of safety and security children made their own Safety Rule Book in Social Science and wrote various rules on ‘ How to keep themselves safe?’ in different surroundings. The children also made First Aid boxes and distributed the same in all the classes. In Maths, they learnt and practised Patterns and Symmetry. In Hindi children read a story about the famous Mughal Emperor ‘ Akbar’ and his famous courtier ‘Birbal’. In Science, they revised all their previously learned concepts and did class presentations. To inculcate and teach the value of kindness various activities were conducted in the class, children made a kindness box in the class and were encouraged to write about one kind deed which they did throughtout the day. Later same was read in the class by their peers. The Academic Session is at its last juncture. Hoping for a lively and remarakable last month of this session.

Dear Parents,

Warm Greetings!

February was a month of carnival, competition, recapitulation and fun. Students enjoyed the month of February with splendiferous sessions of interactive learning. In Science, reinforcement of concepts was done by way of class presentations, group discussion and question answer sessions. Students took up an activity of talking about motivational terms to understand the importance of positive attitude, being tolerant and kind towards others in value education. In English, students added one more feather in their achievement cap by presenting and discussing about their innovations.

As safety, health and well-being of our students is our top priority, students were made to participate in a class activity where they prepared handouts and props and discussed about Coronavirus (2019-nCoV) in class. We look forward to an interactive and eventful March.

Dear Mom and Dad!

February was a month of carnival, competition, recapitulation and fun. Students of Kindergarten participated in various hands on activities to understand the concepts taught and revised. The month started with a carnival organised by the School. The carnival included games, magic show, food stalls and kids’ zone. To inculcate the spirit of competition, the students participated enthusiastically in English Handwriting competition. It was a pleasure to see our little ones trying hard to write neatly and putting all their efforts. In English students learnt to frame small sentences about Myself. In Numeracy, the concept of subtraction and recapitulation of addition was done. In Hindi and EVS recapitulation was done. As “Graduation Day” is round the corner, students are practicing for the same and are gearing up to put up a wonderful performance.

Dear Mom and Dad!

February was a month of carnival, competitions and fun. This month has been fruitful and full of recapitulation of what I have learnt throughout the year. I am now able to write numbers (1-50) and letters (Aa-Zz) in sequence. I also enjoyed learning the names of seven days of the week and twelve months of the year. I am now aware of the four major seasons that we experience in a year. I enjoyed understanding and learning what we eat and where according to seasons. I thoroughly enjoyed various art, craft and pottery activities. I enjoyed learning basic steps of taekwondo. The month started with a Carnival organized by our school where some of us came and enjoyed ourselves immensely.

Dear Mom and Dad!

The month of February brought with it a series of learning experiences. The month started with a Carnival organized by our school where some of us came and enjoyed ourselves immensely. The school ground played host and made the ambience vibrant with bright coloured decorations. We celebrated Valentine's Day in school for which we pasted a heart on an ice cream stick and took it back for our mothers- to express our love for them. Black colour portrays power, strength and authority. We celebrated Black Colour Day in school by coming to school dressed up in black colored clothes and identified black colored items in our surroundings. We also enjoyed doing the bat making activity.
