**MONTHLY PLANNER FOR AUGUST**

**LKG (2024-25)**

*"You don't learn to walk by following rules. You learn by doing, and by falling over."*

*—Richard Branson*

Dear Parents,

July was a month filled with excitement and learning as our students returned from the summer break and jumped into various engaging activities.

To kick off the first week after the summer break, students participated in creative craft activities. They made welcome back cards and crafted special hot air balloons, symbolising their aspirations to reach new heights. These activities helped make their return to school fun and memorable.

In the academic realm, students learned new letters and numbers through fun and interactive activities. In Environmental Studies (EVS), they explored the theme of Plants. They discovered why plants are important, learned about different parts of plants, understood the process of seed germination, and identified the various benefits we get from plants. Through discussion during circle time, they shared their knowledge on plants and talked animatedly about their favourite fruits and vegetables. As part of this theme, students participated in a craft activity called My Vegetable Basket, where they created vegetables and baskets using clay during pottery classes.

Students were introduced to the pre-math concept of In-Out through various activities like placing books inside and outside of bags, moving in and out of the classroom, and putting their belongings inside and outside a hoopla, they gained a clear understanding of the concept.

Children celebrated Fathers Day with full enthusiasm, participating in various sports activities. They enjoyed fun races with their fathers and created personalised pen stands and rose flowers to show appreciation. They learned about family values and the importance of expressing gratitude.

July also hosted Book Week, where students explored the importance of books through various engaging activities. They enjoyed different story sessions enacted by visiting guests Ms Neeta Joshi and their own beloved teachers. They also engaged in Dr. Seuss-inspired crafts, creating art based on his books. An interesting activity was Drop Everything and Read (D.E.A.R) where the students paused what they were doing to read together, fostering a love for reading. Students also designed new covers for their books, showcasing their understanding of the stories through art and creativity. During circle time, children shared their favourite stories with the class, enhancing their communication skills and confidence. Through all these activities students developed a love for stories and were introduced to the world of reading.

We celebrated Blue Colour Day, where children explored the colour blue through various art, crafts, and activities. They learned about different shades and tints of blue and participated in a group activity creating aquatic crafts, which they thoroughly enjoyed. Students enthusiastically enjoyed their theme activity My Vegetable Basket Craft using clay.

The value of the month was kindness. Students learned about the same through an interactive discussion with their teachers, focusing on why it is important to be kind. They heard the story of Thumbelina, which illustrated how kindness is rewarded. Students also took part in activities to look after their school playground, learning the importance of caring for their environment.

As we look ahead to the next month, we are excited to continue this journey of learning, fun, and memorable experiences. We are committed to providing an enriching environment where our students can grow academically, socially, and emotionally.

The Proficiency Ceremony is a significant event that recognizes and rewards excellence in academics, extracurricular activities, leadership, and character development. It is an opportunity to applaud our students' commitment to personal growth, perseverance, and their ability to rise to challenges with determination and resilience. Proficiency ceremony was organised in which students were awarded for their excellence in academics and extra curricular activities for the academic session 2023-24.

Position	LKG-A	LKG -B
Proficiency I		Aarav Shrama
Proficiency II	Devansh Nehra	
Proficiency III	Bhumanu Sharma and Saavi Joshi	

### **Congratulations!!!!**

#### **Winners Of Intra Class Rhyme Competition**

POSITION	LKG A	LKG B
I	Krishna Diwivedi	Anirudh Harsha
II	Nitya Suri and Devansh Nehra	Prakrit Sharma and Triansh Saini
III	Anaya Gupta and Saavi Joshi	Niyati Suri and Aarav Sharma

## Syllabus for the month of August

### English

Introduction of letters with their sounds  
Ii, Jj, Kk and Ll

### Numeracy

Introduction of No. 16 to 20 under  
Tens and Ones  
Sequence writing of numbers 11 to 20  
Pre- Math concept - Heavy and Light  
Shape - Square

### EVS
