

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR JULY
GRADE I (2024-2025)

“The best way to make children good is to make them happy.” ~Oscar Wilde

Dear Parents,

April and May were full of joy and blissful moments for the first graders as they entered the Primary Wing of the school. The first day opened doors to many unknown experiences and opportunities for them and they were bubbling with excitement as they entered their new classrooms, eagerly looking forward to reuniting with old friends and making new ones.

The teachers welcomed the students enthusiastically with a captivating assembly, including music, dance, and a skit. The first day activity and the takeaway was a promise of the good times ahead.

Revision of concepts gives students an opportunity to reflect on their prior knowledge. Children had one week of recapitulation which helped them to become comfortable in their new class and bond with their teachers.

Moving forward, Environment Week was organized from April 19th to April 26th, 2024, wherein the students participated in various activities aimed at promoting respect, care, and belonging towards our planet. In the first activity, students created a Water Cycle Craft and also learnt its process. They also did a Reduce-Reuse-Recycle activity. Both activities were engaging and the students tried to share their ideas and thoughts with their teacher and peers. They enthusiastically participated in the Intra Class Poster Making Competition based on Earth Day and also spoke a few lines regarding it. Following this, each student planted a sapling in the school garden strengthening their love for the environment.

Discussions and activities were done throughout the month on Responsibility which was the topic of Value Education wherein students were told the value of being responsible towards their surroundings.

Experiential learning for first graders is incredibly valuable. Since children at this age learn best through hands-on experiences, incorporating activities that engage their senses and allow them to explore concepts firsthand can greatly enhance their understanding and retention. Students were engaged in various hands-on activities for all their subjects. In English while understanding nouns, students connected with various naming words in their environment and even created their own pockets of naming words. In EVS, students familiarised themselves with their school through a guided tour visiting all the important areas and different activity rooms of the school to deepen their understanding of school surroundings. In Math, students had fun learning about Tens and Ones and the concept of Time in the Math Lab through various hands-on activities like building their own numbers on the Abacus model and making their own clock to understand the importance of time and show how time is divided into hours and minutes .

Mothers are the architects of our earliest memories, the guardians of our dreams, and the unwavering force behind our growth. Mother’s love is a symphony, playing in the background of our lives, a melody of nurturing tenderness and unyielding strength. Mothers are the emotional backbone of the family and have the magic touch to heal all wounds and make all things beautiful. To honor their mothers, students presented a beautiful door hanging as a token of love to their mothers. They had fun and enjoyed doing different activities like Fashion Fiesta and Zesty Sips along with their mothers as a part of Mother’s Day celebration.

Playing a sport is a great way for children to take a break from academics and release pent-up energy. It also helps them lead fuller and happier lives as regular sports and fitness activities have proven to provide not only physical benefits but also social and psychological benefits to children. Our students participated in the

1st Inter- Invitational Athletics Meet and 2nd Inter- Invitational Skating Meet and secured medals at different positions.

On their last working day before going on holidays, children enjoyed a class party and rejuvenated themselves for upcoming vacations.

Intra-Class Competition Result

Position	I A	I B
I	Aadya Shree Dakshith Dudeja	Aadhya Malik, Aanya Thakur, Medha Srivastava, Naina Gaur
II	Paridhi Singhai Shivaay Gautam	Avni, Hiyan Sangwan, Iyana Arora, Navya Sharma
III	Aavyan Arya Riyanshi Jain Teghvir Singh Reen	Anaya Puri, Adamyia Chaudhary, Garvit, Reyansh Shukla, Aayansh Saina, Shubh Dhariwal, Arnit Prasad

Inter- Invitational Athletics and Skating Meet

Grade	Name	Competition and Medal
IA	Vyan Kharbanda	Skating-Bronze
I A	Paridhi Singhai	Skating-Silver
I A	Druvan Rawal	100 mts Race- Bronze
I B	Naina Gaur	Skating-Silver

Congratulations to all the winners!

Get ready for a year full of exciting adventures and joyful learning as we step into Grade I! July is here, bringing sunshine, laughter as we continue our journey together.
