

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR JULY
GRADE XI- HUMANITIES (2024-2025)

Kindness in words creates confidence, kindness in thinking creates profoundness, kindness in giving creates love.

-Lao Tzu

Dear Parents,
Greetings!

A warm welcome to our vibrant children after summer vacation. Welcome back to school and witness every day as a new chapter waiting to be written.

With the commencement of another academic session 2024-25, Imperial Heritage School welcomed the students whose long-awaited steps entered the campus with great zeal and zest to unveil the beginning of the new session. On the first day of school, a special assembly was presented by teachers to welcome the students to the new academic session. Each student received a welcome card from their class teacher, symbolizing a warm embrace into their new class community.

The students of Grade XI Humanities performed various subject enrichment activities and participated in the plantation drive.

Sociology-Subject Enrichment Activity: An activity was conducted on 30 April 2024 in the grade XI Humanities and Commerce on 'Sociology and Society'. Students presented their views on society and its interlinkage to sociology. The class presentation was part of a subject enrichment activity that will contribute to the holistic understanding of sociology and society. Students presented various thinkers' perspectives and sociology's relationship to other social sciences disciplines such as sociology and psychology. They also focused on sociology as an empirical discipline.

History-Subject Enrichment Activity: Writing is vital for the development of urban life, which involves a variety of transactions, important communications, and records. The script writings offered an interesting insight into the writing tradition of Mesopotamia.

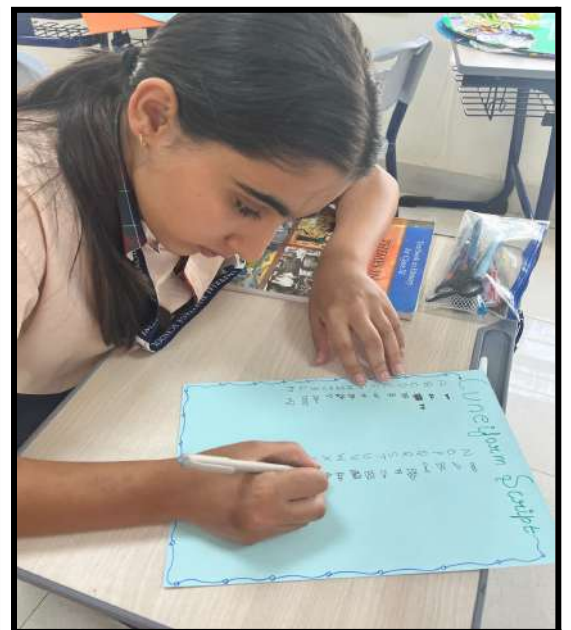

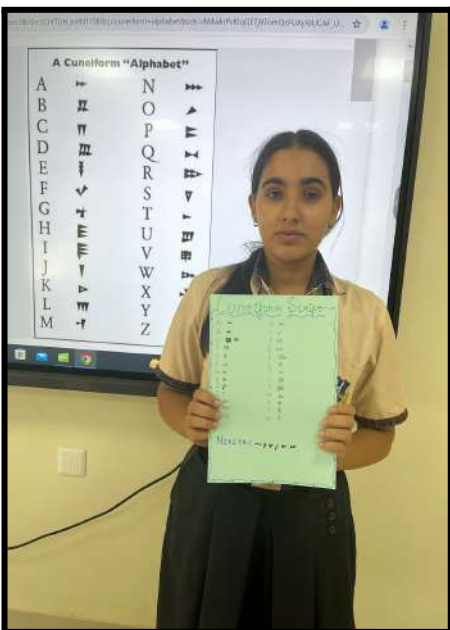

English-Subject Enrichment Activity: An activity was conducted concerning the poem – 'A Photograph' as a part of their Grade XI English curriculum on 2nd May 2024 wherein the students were asked to describe an old mounted photograph. The objective of this activity aimed to work on their linguistic skills, and allow them to express themselves with a range of emotions.

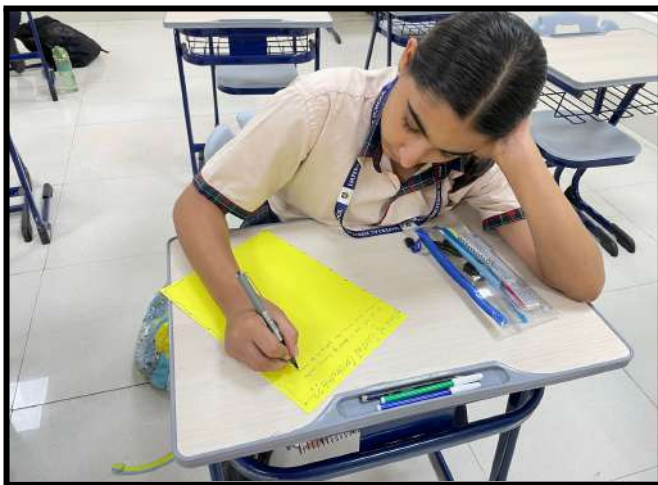

Political Science-Subject Enrichment Activity: An activity was conducted on 30 April in Grade XI Humanities as part of a subject enrichment activity in Political Science on 'Social constraints'. Social constraints are present in the governing system as part of our society. These kinds of restrictions regulate our behavior and maintain a code of conduct for the smooth functioning of society. These are part of the Political process.

In **Economics**, an activity was conducted where students presented the various schemes of the government and their effects on the Production Possibility Curve.

One Child One Plant Plantation Drive

Class XI students engage themselves in plantation drives which emphasize the importance of tree planting in mitigating climate change, conserving biodiversity, and improving local ecosystems.
